**ANNUAL REPORT  
2023 - 24**

The Annual Report of Cambridge International School Mohal, Kullu articulates and demonstrates the dynamic nature of our school and our commitment to excellence. The report also provides some ideas about the way resources have been used to provide quality teaching and learning environments for our children. The school collectively has an enthusiastic and dedicated team of 52 teachers in the Senior Secondary, Secondary, Primary, and the Pre-Primary sections. In addition, we have Non-Teaching and Supporting staff. Their coordination with each other is what enables the school to function smoothly and grow with new perspectives. Innovation is the change that unlocks new value which leads to success. The school continues to strive towards innovation and for that, the latest practices in the field of education are being continuously incorporated.

## OUR SHARED BELIEFS ON TEACHING AND LEARNING

- Children learn in an environment that is inclusive, safe and where they feel valued and supported.
- Learning experiences should respect and accommodate differences between learners.
- Parents, teachers, and students share common goals, interact positively, and are mutually supportive.

- Learning should be meaningful, enjoyable, relevant, and consistent with the background of the student.
- Parents and teachers work in partnership to develop students who are independent, self-reflective, and responsible students.
- Parents, teachers, and students actively promote essential community values.

# ACADEMICS

Academics is the core focus of our school. All the possible efforts have been taken and, we will continue to take, to ensure academic excellence in our school. We believe that excellence in academics is the hallmark of our school, as a good institution. We are proud to report that 2023-24 batch of X and XII Standard students have brought laurels to the school through their excellent results. We achieved 100% results in CBSE class X and XII examinations with District Topper in class X. This was possible because of the continuous efforts of the dedicated staff, by taking extra classes and other remedial measures to improve them.
